

Procedure P 12

RENNICKS (UK) LTD ENVIRONMENTAL POLICY

This statement defines the Rennicks (UK) Ltd. commitment to the prevention of pollution in our business activities. It is fully endorsed by senior management and directors, and is on prominent display in our offices.

It is the policy of Rennicks (UK) Ltd. to prevent pollution wherever possible in the supply of reflective materials, sign faces and ancillary products for traffic signs in line with the principles of ISO 14001.

In addition, it is our policy to continually improve our performance and to comply with applicable legal requirements, and with other requirements to which the company subscribes, which relate to its environmental aspects. For example, the segregation of waste recycling.

A Life Cycle Assessment of retroreflective traffic signs has been undertaken and is available from our web site; www.rennicksuk.com.

This policy, and any environmental objectives and targets, are reviewed annually at the Management Review of our ISO 9001 Management system, and is made available to our employees and interested parties via company notice boards and the company web site.
